- First-in-segment Digital Bluetooth® key with key-sharing function
- Introduces Traffic Jam Assist (TJA) among 11 ADAS features
- Offers Intelligent Auto Turn Indicators
- Best-in-industry i-SMART technology with over 75 connected car features

Greater Noida, January 11, 2023: MG Motor India today announced the price of the Hector.

The Next-Gen Hector has a host of exciting technologies and 11 Autonomous Level 2 (ADAS) features that offer hassle-free driving comfort with enhanced safety. With its all-new striking bold exterior and evolved safety features, and elegant design elements, the Next-Gen Hector offers an unprecedented drive and user experience.

The mesmerising interiors of the new SUV are available in a dual-tone argil brown and black theme with a wooden finish. The flagship SUV is available in 5, 6, and 7-seater configurations, offers intelligently designed seating options, and ample space. The 6-seater SUV seats come with a captain configuration while the 7-seater vehicle is offered with bench seats.

The Hector comes in 5 variants – Style, Smart, Smart Pro, Sharp Pro & Savvy Pro with an attractive price offering:

MG Hector Ex-Showroom Prices (INR Lakhs)						
	Powertrain	Style	Smart	Smart Pro	Sharp Pro	Savvy Pro
Hector 5-Seater	1.5L Turbo Petrol MT	14.72	16.79	17.98	19.44	-
	1.5L Turbo Petrol CVT	-	17.98	-	20.77	21.72
	2.0L Diesel MT	-	19.05	20.09	21.50	-
Hector Plus 6-Seater	1.5L Turbo Petrol MT	-	-	-	20.14	-
	1.5L Turbo Petrol CVT	-	-	-	21.47	22.42
	2.0L Diesel MT	-	-	20.79	22.20	-

Hector Plus 7-Seater	1.5L Turbo Petrol MT	-	17.49	-	20.14	-
	1.5L Turbo Petrol CVT	-	-	-	21.47	22.42
	2.0L Diesel MT	-	19.75	-	22.20	-

The Autonomous Level 2 SUV offers 11 Advanced Driver Assistance Systems (ADAS) features including Traffic Jam Assist (TJA) and Auto Turn Indicators to deliver complete peace of mind, safety, and comfort. The intelligent Traffic Jam Assist (TJA) ensures minimal effort and maximum safety in a traffic jam situation by keeping the vehicle in the middle of the lane and maintaining a safe distance from the vehicle in front.

The newly introduced Smart Auto Turn Indicators in Next Gen MG Hector also offer a hassle-free and safe driving experience. Based on the steering angle, the respective indicator light automatically gets ON/OFF. This automatic signal will be useful when the driver fails to put on the indicator while entering the road from a parking space or during a U-turn.

The new SUV has India's largest 35.56 cm (14-inch) HD portrait infotainment system along with a brand-new user interface. The technological innovation is also manifest in the first-in-segment Digital Bluetooth® Key and Key Sharing capability. In case of an emergency or loss of a key, the Digital Key can be used to lock, unlock, start, and drive the vehicle. Using the Remote Lock / Unlock feature, the car can be unlocked from anywhere. With the key-sharing function, one can share an additional key with up to two people.

Moreover, the Next-Gen Hector now has more than 75 connected features including 100 voice commands, thanks to the revolutionary i-SMART technology that combines hardware, software, connectivity, services, and applications for smarter, enjoyable drives.

The Next-Gen Hector's voice commands, included with the i-SMART tech, include segment-first features such as touch-screen control for the sunroof, voice commands for ambient lights, navigation voice guidance in five Indian languages, 50+ Hinglish commands, and other helpful apps such as Park+ for parking discovery and booking and the Jio-Saavn App for music. The premium audio system by Infinity comes enabled with wireless Android Auto & Apple Carplay and delivers truly immersive, 360-degree rich sound.

The Next-Gen Hector also has other key safety features such as 6 airbags, a 360-degree HD camera, Electronic Stability Program (ESP), Traction Control System (TCS), Hill Assist Control (HAC), all four-wheel disc brakes, a 3-point seat belt for all seats, electric parking brake (EPB), and front parking sensors.

The Hector, India's first Internet SUV, was introduced by MG Motor India in 2019 and has since set a new bar for SUVs in India by giving shape to its philosophy of connected, autonomous, shared, and electric mobility.

MORRIS GARAGES
Since 1924

The Next-Gen Hector brings with it the unique car ownership program “MG SHIELD” after-sales service options. Also, customers will be offered a standard 5+5+5 package i.e., a warranty of five years with unlimited kilometers, five years of roadside assistance, and five labour-free periodic services.

About MG Motor India

Founded in the UK in 1924, Morris Garages vehicles were world-famous for their sports cars, roadsters, and cabriolet series. MG vehicles were much sought after by many celebrities, including the British Prime Ministers and even the British Royal Family, for their styling, elegance, and spirited performance. The MG Car Club, set up in 1930 at Abingdon in the UK, has thousands of loyal fans, making it one of the world’s largest clubs for a car brand. MG has evolved into a modern, futuristic, and innovative brand over the last 98 years.

MG Motor India’s state-of-the-art manufacturing facility in Halol, Gujarat, has an annual production capacity of 1,25,000 vehicles and employs nearly 2,500 workers. Driven by its vision of CASE (Connected, Autonomous, Shared, and Electric) mobility, the cutting-edge automaker has augmented across-the-board ‘experiences’ within the automobile segment today. It has introduced several ‘firsts’ in India, including India’s first Internet SUV – MG Hector, India’s first Pure Electric Internet SUV – MG ZS EV, India’s first Autonomous (Level 1) Premium SUV – MG Gloster and MG Astor- India’s first SUV with personal AI assistant and Autonomous (Level 2) technology.
